

# Workshop for electromechanical and dielectric materials and devices

Keynote lecture by **Prof. Paul Muralt** (EPFL)  
*Pushing the Performance of Electro-Mechanical Thin Films*

Invited presentations from:

- **Erik Vilain Thomsen** (DTU Nanotech)
- **Zhe Zhang** (DTU Electrical Engineering)
- **Dushan Vuckovic** (IdemoLab)
- **Vincenzo Esposito** (DTU Energy)
- **Erling Ringgaard** (MEGGITT)
- **Thomas Olsen & Rasmus Toft-Petersen** (DTU Physics)

The workshop aims to consolidate the research community and promote new collaborations within it. All interested are welcome to participate. The workshop is free of charge and includes a light lunch. A tour of the lab facilities at DTU Energy will be offered following the meeting.

**9 March 9.00-12.30**  
**H.H. Koch Auditorium**  
**DTU Risø Campus**

**Register before March 6<sup>th</sup> via email:**
