

Studies of the pathogenesis of porcine proliferative enteropathy caused by *Lawsonia intracellularis*

Target cells and progression of lesions

Ph.D. Thesis by
Torsten Snogdal Boutrup
2008

National Veterinary Institute
Technical University of Denmark

Assessment Committee:

Associate professor Tine M. Iburg, Department of Disease Biology,
KU-LIFE, Denmark.

Professor Marianne Jensen-Waern, Department of Clinical Sciences,
Faculty of Veterinary Medicine, SLU, Sweden.

Associate professor Roberto Guedes, Universidade Federal de Minas
Gerais, Brazil.
